

## TITLE

SGG Extra View 60

## SUBTITLE

High performance solar control glass with advanced thermal insulation properties

## DESCRIPTION

SGG Extra View 60 is the offline curved temperable double silver coating on extra clear glass, middle levels of light transmission with neutral appearance. Its high-performance coating is outstanding in energy-saving performance and ideal for processing, Saint-Gobain has presently applied the stable and mature coating technology in the Extra View series SGG Extra View 60 product, which further upgraded in its visible light transmittance, showing a remarkable visual effect, crystal-clear and translucent nature appearance. Besides, the product enjoys a preeminent energy-saving effect on the whole.

## RANGE

Product	Thickness	Dimension
Extra View 60	5mm	3300*2440/2134
	6/8/10mm	3660mm*2540mm/2440mm 3300mm*2440mm/2134mm

## PERFORMANCE

Product	Structure	Face	Luminous factor (%)		SC	U value (W/m <sup>2</sup> ·K)	
			TL	RLe		Air	Argon
Extra View 60	6-12-6	2	60	15	0.42	1.6	1.2

## PRODUCT APPLICATION

SGG Extra View 60 is a solar control glass, which blocks up to 63% of solar heat by reflecting it to the outside. It can be for use in residential or commercial buildings alike, either for façades or overhead glazing, making it ideal for commercial glazing where high levels of light transmittance coupled with a low solar factor are required.

## ADVANTAGE

### Comfort in all seasons!

**In winter**, SGG Extra View 60 double glazing provides more heat insulation than standard double glazing and this offers many advantages:

**Improved comfort** near large areas of glazing because cold spots and drafts are minimized.

**Energy savings**, due to reduced heating requirements.

**Environmental protection**, due to this reduction in energy used for heating.

**In summer**, due to the fact that it also blocks much direct heat from the sun, SGG Extra View 60 offers remarkable advantages:

**Improved comfort** due to a more agreeable interior temperature being maintained.

**A reduction in the running costs**, where there is air conditioning.
