

TITLE
SGG PLANILUX®

SUBTITLE
Clear float glass

DESCRIPTION
SGG PLANILUX is a high quality, clear annealed glass from SAINT- GOBAIN GLASS. It is manufactured by the float process, which produces a glass with a perfectly flat, parallel surface.

RANGE
Thickness:1.8mm-8mm

PERFORMANCE
SGG Planilux is the base substrate to which all high performance coatings are applied.

PRODUCT APPLICATION
SGG PLANILUX is available in an extensive range of thicknesses and is suitable for a wide variety of applications:
External and internal glazing in buildings; auto glazing applications.
Colourless, transparent furniture and glazing for all uses, ranging from indoor furniture to fully glazed structural facades.

ADVANTAGE
Colourless, transparent
a multi- purpose clear glass.
